

RAMANA VOICES
RAMANA VOICES

90.4Mhz

**Project of Shree Ramana
Maharishi Academy for the
Blind®. Bangalore.**

The first Campus Community Radio Station for the Disabled

- **The first campus community radio station centered around people with disability.**
- **Launched on the 5th of October 2008, inaugurated by Dr. Shreedhar, Director CEMCA.**
- **RamanaVOICES is much more than just a station for people with disability.**
- **It will also address issues related to the urban slum needs pertaining to health, education and livelihood options.**

Driving force behind starting RamanaVOICES

- The story of Kumar, a severely disabled young man portrayed through a community radio programme by SRMAB and VOICES few years ago.
- This story was broadcasted over All India Radio and it generated considerable impact from the larger community.
- Among other things, it enabled Kumar to earn a livelihood through a specially made telephone kiosk.
- Like Kumar several other people with disability have pledged their support for Community Radio.
- There by motivated us to have a Community Radio Station by and for them.

PARENTS SENTIZATION CAMP by Kumar

On going activities

- **Our on – going activities include making programmes on health, disabilities, laws for the disabled, schemes by the Government .**
- **Recording of programmes by the students of SRMAB, which include songs as well as talk shows.**
- **Training of more students to participate in the production.**
- **Community mobilization**

HEALTH & NUTRITION AWARENESS CAMPS AT SCHOOLS

Our vision

- **Making the station more accessible to the local community.**
- **Enhance the community mobilization.**
- **Make the community members feel it's a station for them and by them.**

Community Mobilization
