1. Background

1.1. Overview on the workshop

The **University Grants Commission** (**UGC**) of Bangladesh was established on 16 December 1972. It was created according to the Presidential Order (P.O. No 10 of 1973) of the Government of Peoples Republic of Bangladesh. The objective of the Commission is "To facilitate and guide the universities to achieve excellence in higher education and innovative research for sustainable socio-economic development and building a knowledge-based economy through promoting good governance and management at the higher education institutions in Bangladesh".

As apex body for the higher education institutions, UGC makes efforts to enhance the capacity of the university teachers in various areas of teaching and learning. On the face of Covid-19 pandemic, university teachers started to use online platforms to conduct classes and share the resources. However, a challenge occurred widely that quality of learning materials depends on the meaningful access to the quality educational resources. In fact, most of the quality resources are copyrighted and paywalled. To make the teachers of the higher education institutions in Bangladesh aware of copyright issues and open educational resources, UGC signed an MOU with the **Commonwealth Educational Media Centre for Asia (CEMCA)** for a series of workshops and resource sharing. As a commitment to support the national priority for achieving the SDGs by 2030 and Bangladesh Vision 2041, UGC intends to create and share its educational resources openly and also using the OER for reducing the cost of producing quality materials and thereby serve the common citizens of the country at free or minimum cost.

The UGC-CEMCA OER Workshops have been facilitated online in two phases. Phase I included 2 parts. Part 1 of Phase I included 10 universities and it started from July 26 and ended on July 30, 2021. There was 9 hours of zoom-based synchronous sessions in July 26-28 and simultaneously the asynchronous discussions were going on through WhatsApp. Part 2 of Phase I was happened from July 29 to August 2, which included 9 hours of zoom-based synchronous sessions during July 29 to August 1 accompanied with simultaneous asynchronous discussions through WhatsApp. Part II included another 10 universities. Phase 1 of the workshops focused on the understanding of Copyright and OER. Phase 2 of the workshops was dedicated to draft the Institutional OER Policies for 20 participating universities. [For workshop schedule, please see the Annex-1, 2, & 3]. The structures of the workshop phases are as follows:

Workshop Phases	Groups	Topic	SYNCHRONOUS	ASYNCHRONOUS
Phase I	Part 1	Copyright and OER	26-28 July, 2021	26-30 July, 2021
	Part 2	Copyright and OER	July 29- Aug 1, 2021	July 29-Aug 2, 2021
Phase II		Drafting Institutional OER Policy	Aug 9 & 11, 2021	Aug 10, 2021

1.2. Purposes of the workshop

The purposes of the workshop were to:

- Make the academics aware of copyright issues concerned with educational resources
- Unlearn the myths relating to the use of online/printed educational resources
- Make the academics and top management aware of the benefits of using OER
- Make the academics and top managers feel the merits of sharing the resources openly
- Engage the senior academics of the participating universities in drafting the OER Policy for their own universities.
