And  
NIE, Maldives**

**8-10<sup>th</sup> September, 2020**

According to Policy Brief: Education during COVID-19 and beyond AUGUST 2020, “The COVID-19 pandemic has created the largest disruption of education systems in history, affecting nearly 1.6 billion learners in more than 190 countries and all continents. Closures of schools and other learning spaces have impacted 94 per cent of the world’s student population, up to 99 per cent in low and lower-middle income countries. On the other hand, this crisis has stimulated innovation within the education sector. We have seen innovative approaches in support of education and training continuity: from radio and television to take-home packages. Distance learning solutions were developed thanks to quick responses by governments and partners all over the world supporting education continuity, including the Global Education Coalition convened by UNESCO.”

The Commonwealth of Learning (COL) was established Commonwealth Educational Media Centre for Asia in the year 1994. CEMCA promotes the meaningful, relevant and appropriate use of media and technology to serve the educational and training needs of Commonwealth member states of Asia.

CEMCA organised a three day Online Capacity building programme on “Online Learning Facilitation” for teachers and teacher educators of Maldives with National Institute of Education, Maldives from 8-10 September 2020.

## **Objectives**

The objectives of the workshops were:

- Describe Online Pedagogy.
- Define Instructional Design.
- Explain Instructional Design for Online Courses.
- Identify Various Tools, Select Online Tools for Teacher Education.
- Learn Canvas LMS and how to Upload the Content.
- Managing Google Classroom Understand Various Assessment Tools.

## **Participants**

560 teachers and teacher educators from NIE Maldives participated in the programme.

## **Venue and Dates**

---

The workshop held through Online. The participants of the programme will attend from their respective place. The programme organized from 8-10<sup>th</sup> September, 2020.

## **Methodology**

- All the sessions of the workshop delivered through the online using Zoom. Also all the sessions recorded for attendance, monitoring and archival purposes.
- Participants used their laptops, Smart phones and Head Phones/ earphones as the programme is based on hands-on activities.

## **Resource Persons**

- Prof. Madhu Parhar, CEMCA
- Prof Santosh Panda, IGNOU
- Dr. G. Mythili, IGNOU

## **Day 1: 08.09.2020 Proceedings**

During the inauguration of the programme Dr. Manas Ranjan Panigrahi , SPO-CEMCA gave the welcome address. Prof. Madhu Parhar emphasised on the need of the programme and gave a brief overview of education system of Maldives. She also enlightened about some major concepts to be covered during the programme. Dr. Abdulla Rasheed, State Minister of Education, Maldives appreciated the timely planning of the programme and motivated the participants for taking full benefit from this capacity building programme. He further expressed his interest to collaborate with CEMCA. Dr. Hussian Majid, NIE Maldives also welcomed all the participants and thanked all the members involved in the planning of the programme.

The technical session was started by Prof. Madhu Parhar. She explained the need of instructional design for online courses. She highlighted the defining of instructional design, open pedagogy and digital pedagogy in her short presentation.

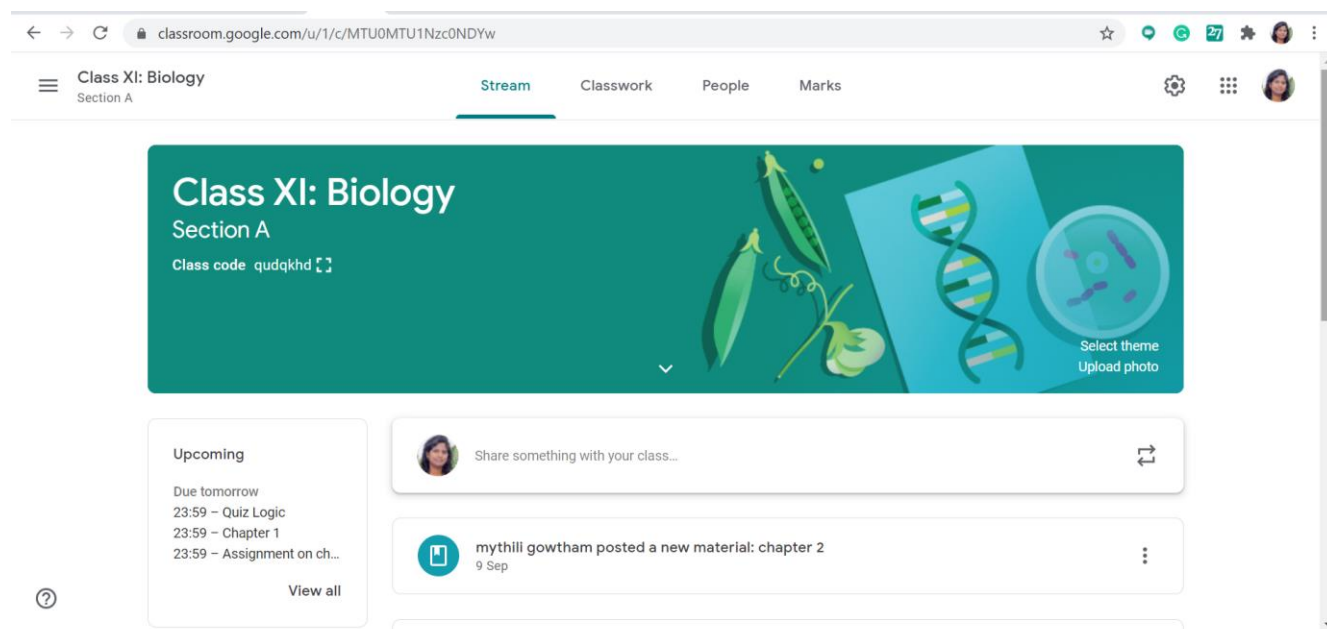

Prof Panda from STRIDE. He described the present scenario of online environment, He highlighted blended approach which need to be focused in both online, and regular mode of teaching learning pedagogy. He explained the concept with one online programme as an example. He emphasized how to design content, interactivities and assessment. He also asked the participants to focused on designing learner to learner interaction, learner-content interaction, learner-technology interaction. He also highlighted the theories which are helpful for instructional design.

## **Day 2: 09.09.2020 Proceedings**

Technical session of day two was on Google Classroom. Dr. G Mythili, IGNOU demonstrated Google Classroom and some of the G-Suite Tools. She explained Google Classroom that includes Gmail, Google Drive, Google Calendar and other apps. It's focused to teachers and students. One of the major benefits of Google Classroom is user friendly, to use and boosts collaboration between students and teachers.

The resource person demonstrated the setting up classroom themes with colors and logo, upload the relevant content, creating assignment and quiz.

She explained detailedly creation of google form for quiz using video, image, logical flow and section and sub-sections. The participants requested the resource person to explain how to create rubric for assignment. She demonstrated and explained the republic creation and evaluate the assignment sing rubric in detail.

### Day 3: 10.09.2020 Proceedings

On third day of the programme Dr. Mythili focused on Canvas, an open source Learning Management System. She explained Canvas LMS is easy and flexible, so teachers can create courses that are engaging and effective. Canvas enables evidence-based teaching activities that actually increase student achievement. She also highlighted teachers can build learning objectives into their courses using Outcomes, and then using SpeedGrader, accurately and efficiently align grades on assignments and quizzes with specific outcomes using rubrics. SpeedGrader helps teachers provide rich, targeted feedback with annotations, use a rubric for scoring and provide individual scores on learning outcomes, and even use the device's camera/webcam to provide video feedback to students. She demonstrated all the components step by step on Canvas LMS. She answered all the queries asked by the teachers.

The screenshot shows the Canvas LMS interface for course MDE-001. The main content area displays a list of modules under the 'Digital Learning' section. The modules listed are:

- Learning outcome
- Digital Learning-Outline
- E-learning.pdf
- Assignment on Digital Learning (Sep 19 | 10 pts)

The interface includes a sidebar with navigation options: Home, Announcements, Assignments, Discussions, Grades, People, Pages, Files, Syllabus, Outcomes, Rubrics, Quizzes, and Modules. A 'To Do' section at the bottom right shows a task 'Grade DL' with 2 points and no due date.

At the end of the workshop, Prof. Madhu Parhar and Dr. Hussain Majid thanked the teachers and the experts.

## Participants Feedback

A feedback form was created using google form. It was distributed through WhatsApp group. The participants were filled the online form and submitted at the end of the workshop. The feedback of the participants was analyzed and given below:

There were 66.90% of female participants and 32.74% of Male and 0.36% of Others were participated the workshop. The age group of the participants reveals that 30.96% belongs to 18-30 years, 47.33% belongs to 31-40 years, 18.15% belongs to 41-50 years, 2.85% belongs to 51-60 years and only 0.71% belongs to 60 and above.

The following table shows the responses of the participants on some statements regarding the workshop using 5 point likert scale.

Statements	Strongly Disagreed	Disagreed	Neutral	Agreed	Strongly Agreed
I was well informed about the objectives of this programme	2.14%	1.78%	16.01%	36.65%	43.42%
The content of the workshop was relevant	2.85%	2.14%	19.22%	32.74%	43.06%
This programme was designed to my expectations	7.47%	10.32%	21.71%	35.94%	24.56%
The programme objectives were clear to me.	1.07%	4.98%	13.88%	39.50%	40.57%
The programme activities stimulated my learning.	3.91%	6.41%	22.06%	38.08%	29.54%
The activities in this programme gave me sufficient practice.	7.83%	12.46%	33.81%	26.33%	19.57%
The difficulty level of this programme was appropriate.	6.05%	6.41%	32.74%	38.43%	16.37%
The pace of this programme was appropriate	2.85%	4.98%	27.76%	45.91%	18.51%
The Resource Persons were well prepared	1.42%	1.78%	8.19%	39.50%	49.11%
The Resource Persons were helpful in hands on practice.	2.49%	4.63%	19.22%	32.38%	41.28%

I accomplished the objectives of this programme.	2.49%	2.49%	19.22%	43.77%	32.03%
I will be able to use what I learned in this programme.	1.07%	3.20%	13.52%	34.88%	47.33%
I was satisfied with the capacity building programme.	4.98%	5.69%	21.71%	35.94%	31.67%
The programme was a good way for me to learn this content.	5.69%	6.41%	21.00%	34.16%	32.74%

The analysis reveals that 43.42 % of the participants strongly agreed, 36.65% agreed and 16.01% were neutral on that the objectives of this programme was well informed. 43.06 % of the participants strongly agreed, 32.74% agreed and 19.22% were neutral on that the content of the workshop was relevant. On reply to the statement that the programme was designed to their expectations, 24.56% strongly agreed, 35.94% agreed and 21.71% were neutral. 40.57% of the participants strongly agreed, 39.50% agreed and 13.88% were neutral that the programme objectives were clear to them. Majority of the participants agreed that the programme activities stimulated their learning. 22.06% were neutral and around 10% were disagreed on the statement. Most of the participants (around 53%) were expressed that the activities in this programme gave insufficient practice. This is because of large number of participants in the programme. 54.8% (Agreed and strongly agreed) were expressed that the difficulty level of this programme was appropriate however 32.74% were neutral.

Majority of the participants (around 63%) agreed that the pace of this programme was appropriated and most of the participants (around 88%) agreed that the Resource Persons were well prepared and resource persons were helpful in hands on practice. 67.61% participants were satisfied with the capacity building programme.

While answer to the question how would improve this programme, the following

- Clarify the programme objectives before the programme;
- Increase the content covered in the programme;
- Make programme activities more stimulating;
- Make the programme more difficult;
- Add more video to the programme;
- Update the content covered in the programme;
- Improve the instructional methods;
- Provide better information before the programme;
- Speed up the pace of the programme;
- Improve the tests used in the programme.

---

The following were the improvements/suggestions recommended by the participants:

- It is important to identify need of the participants and cater to their needs
- Could have included more hands-on activities.
- A short test could be conducted to check how much participants have learned from the training sessions.
- Addressing learners needs and audience. Avoid repetitive information.
- Allow participants to do practical work.
- Arrange in a way the trainer also can practice along with the instructor.
- Can conduct night online class's, since we work day time and its school session time faced difficulty.
- Can have a better understanding of the Maldivian context, the areas Maldivian school teachers are aware of and what are the new concepts or tools they need to learn more.
- . This can be decided after checking prior knowledge of participants so that can help to get the areas which really need in detail on these kind of programmes.
- Creating games and interactive teaching aids.
- Check participants standards when conducting programmes (we are already very familiar with G Suite) and involve participants who did not have any such training (we have done teaching and learning models).
- Explain interactive tools to integrate in the classroom.
- Explain more add-ons that would be used in teaching.
- Have the sessions every alternative days to do self learning/ practising on what was taught the previous day.
- Overall, the sessions were very informative. We thank you all for providing new information.
- Canvas session was interesting as creating a course was new and I found it very interesting since I got to explore something new with canvas.
