Reforms for Holistic Education

Association of Indian Universities' National Seminar on Transformative Higher Education for Atmanirbhar Bharat

University of Science and Technology, Meghalaya

23-25 March 2023

Presentation by

B. Shadrach, Director,

Commonwealth Educational Media Centre for Asia, New Delhi, India

bshadrach@col.org

Reforms for Holistic Education

Promoting Outcome-based Education

Integrating Skills with Higher Education

Innovative Assessment & Evaluation Techniques

Promoting Outcome-based Education

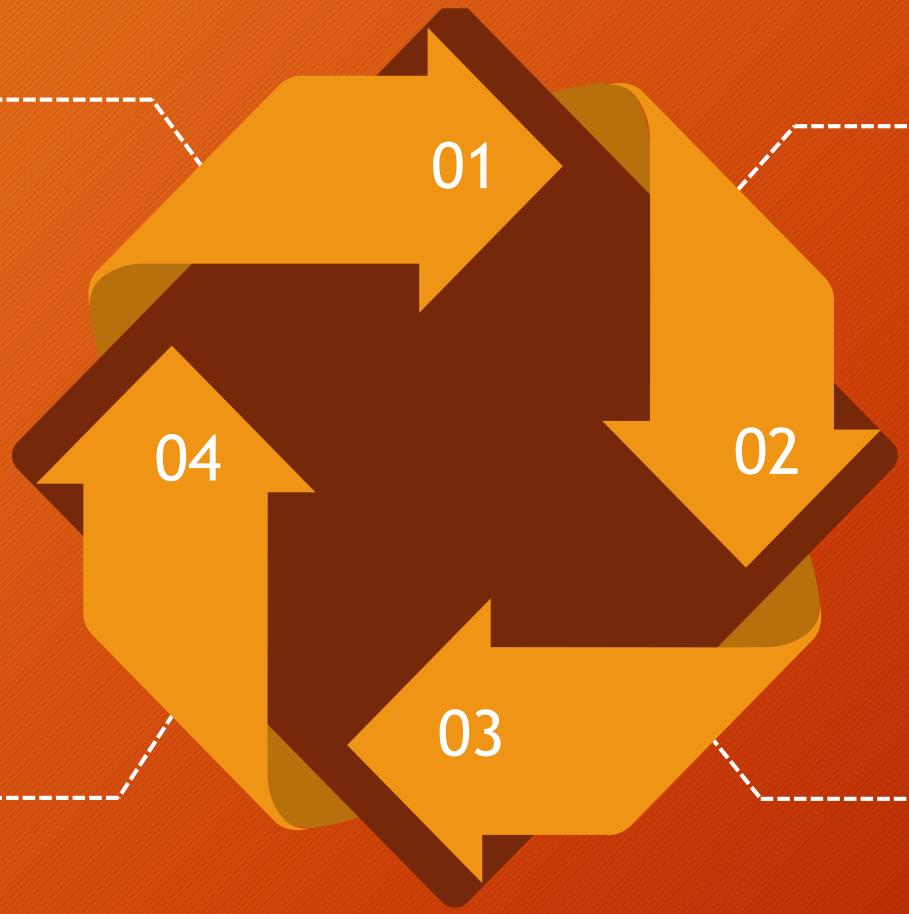
Important words and concepts

- Outcomes vs Outputs
- Competence vs Qualification
- Application vs Acquisition of knowledge
- Learning vs Teaching
- Quality developed vs Quantity delivered
- Mass production vs Personalisation
- Relevance vs Reproach
- Dynamism vs Static

CEMCA

[Market outcomes]

[Definition]



[Student outcomes]

[Policy outcomes]

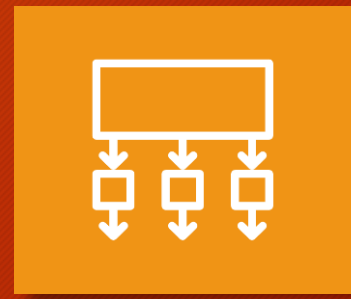
- Workplace skills
- 21st Century Skills
- Learnability
- Ownership
- Commitment to self-development

C·O·L

CEMCA

How do HEIs prepare themselves?



- Fine-tune teaching/learning practices
- Establish student support services
- Invest in technologies and infrastructure
- Strive to achieve outcomes and impact on society
- Ensure diversity, equity and inclusion
- Organise and sustain operations

HEIs can use a Benchmarking Framework developed by a Consortium of Open, Distance, Technology-enabled, Digital and Smart Universities around the world

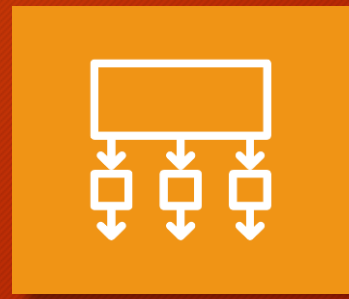
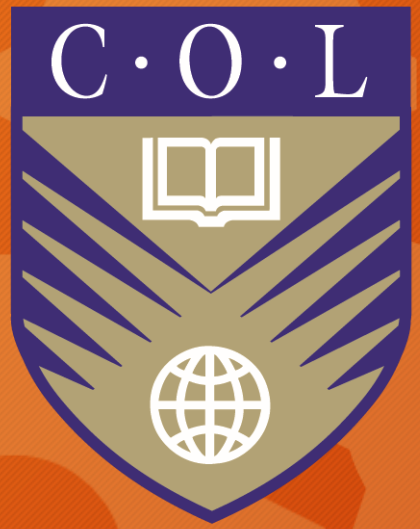
How could associations such as the AIU help?



- Recognise the need for holistic education and their outcomes
- Develop a long-term work programme
- Work with a feedback group for identifying focus areas
- Develop consultative instruments and implement
- Undertake a self-assessment-based benchmarking effort
- Join global consortium of benchmarking efforts

It all starts with a dialogue ! AIU can lead the discourse !!

At COL, we can help too!



CEMCA

- Thank you
