REPORT ON 2-WEEK FDP

DEVELOPING ONLINE COURSES FOR SWAYAM

Organized By

Uttarakhand Open University, Haldwani

In collaboration with

Commonwealth Educational Media Center for Asia, New Delhi

Cycle I

26 June - 05 July, 2021

COURSE DESCRIPTION

SWAYAM stands for Study Webs of Active-Learning for Young Aspiring Minds is an Indian Massive Open Online Course (MOOC) platform. SWAYAM is an initiative launched by the Ministry of Human Resource Development, Government of India under Digital India to give a coordinated stage and free entry to web courses, covering all advanced education, High School and skill sector courses. As we realized from this COVID 19 pandemic situation and initiatives of Govt. of India for Online Education, there will be more need-based courses required in SWAYAM as well as for different institutional platform to provide better learning opportunities for youths. Hence, the teacher/course developers need to be trained on how to develop online courses in compliance with SWAYAM standard. The FDP is offered as MOOC, therefore the learner has to flexibility to access the course contents as per his/her convenience within the specified timeframe.

ORGANIZED BY

This 2-week Faculty Development Program (FDP) was organised by School of Computer Science & IT & Online Program Cell of Uttarakhand Open University, Haldwani in collaboration with Commonwealth Educational Media Centre for Asia, New Delhi

COURSE OBJECTIVES

Participants will be able to:

- Describe the Online Education and SWAYAM at a large.
- Prepare the proposal for Course development for SWAYAM as per the guidelines and seek funding for new and repurpose of course.
- Write contents in text format using various resources and Open Educational Resources.
- Deliver contents in the form of video using PPT, animations, illustrations, etc.
- Facilitate the learners through discussion forum.
- Develop assignments and quizzes for learner's formative and summative assessment.

TARGET AUDIENCE

Teachers of any levels of Education and institutions may take this short-term online course which will help them to develop and design the MOOC appropriate for SWAYAM. After successful completion of this online course, one may be able to develop a proposal as well as learn the process of development of SWAYAM course and their important components.

LEARNING OUTCOMES

On the successful completion of this course learners are expected to create a MOOC for SWAYAM in their discipline using 4-quadrant approach. They are also expected to create digital content and deliver these through SWAYAM or other institutional LMS.

COURSE CONTENT

Week One

Topic I: Overview of Swayam

Context, Status of SWAYAM, SW AYAM guidelines, Four Quadrant Approach, Proposal for SWAYAM Courses.

Topic II: Quadrant-I (e-Tutorial)

The first quadrant is direct teaching means not much of extra work by students, it could include teaching video, animation, PowerPoint presentation, Podcast and so on. All these depend on what the subject is and what the strategy adopted by the teacher to teach the students. The first quadrant is direct teaching means not much of extra work by students, it could include teaching video, animation, PowerPoint presentation, Podcast and so on. All these depend on what the subject is and what the strategy adopted by the teacher to teach the students.

Topic III: Quadrant-II (e-Content)

The second quadrant is an e-content which could include e-books, illustrations, Case studies, Open-source content, Reference link, further reading sources and so on.

Week Two

Topic IV: Quadrant-III (Discussion Forum)

The third quadrant is about clearing student's queries. Discussion forum is a space where students can interact with other students and faculty to clarify their doubts. The discussion forum is like a doubt counter where any student or faculty can answer the question of a student.

Topic V: Quadrant-IV (Assessment)

The fourth quadrant is self-assessment to check what a student have studied and whether he/she is eligible to get certificate. It could be tests in the form of Multiple-Choice Questions (MCQs), or quiz or short answer questions, long answer questions, etc. The fourth quadrant also has Frequently Asked Question (FAQs) and their answers to clarify common misconceptions among students.

CERTIFICATE

A completion certificate issued jointly by UOU and CEMCA will be available based on your level of participation and completion of tasks/activities: requires 60% on each quiz and participation in discussion forum.

DURATION AND MEDIUM

It's a 2 Weeks course which is offered in English.

Details about the Courses

UOU offered 2-week online FDP program from 21 June to 05 July, 2021 through MOODLE platform.

Course materials were designed and developed by Dr. Manas Ranjan Panigrahi, Sr. Program Officer, Commonwealth Educational Media Centre for Asia, New Delhi and his team from IGNOU, UOU, NSOU.

The content includes video lectures, power point presentation, transcripts, etc were uploaded and placed in the sequential manner and provided navigation for easy access. Details about the course are given below:

Participants Registration and Participation

Initially, UOU announces the courses details in the University website, Social Media platforms like Facebook, LinkedIn, etc. and invited the participants for registration through google form. After removing the duplicate entries, total 1476 participants registered for the FDP program. To

facilitate the registration on the course portal, the organizers created the login for the participants and the credentials were sent to them along with instruction through registered email. Out of total 1476 participants who registered for the course, 646 participants never logged in to the portal. So, there were 830 participants who registered for the course and logged in to the course portal for at least once.

Gender

It is evident that out of 1476 participants, 1052 (63%) were male and 624 (37%) were female. This reveals that more male participants registered in the course as compared to the female participants.

MONITORING THE PROGRESS OF PARTICIPANTS USING LOG REPORT OF MOODLE

Log Report of MOODLE shows activity within the course. It allows teachers to see what course material and activity are being used and when by the participants. For example, a teacher can check that an individual participant has viewed the course material for that week or topic they declare to have read, and how long. This helps the teacher to monitor the participants and motivate them to take part in the course. The log reports of the 2-week FDP on Developing Online Course for SWAYAM offered by the UOU have analysed and the data are given in the following sections.

Learning Objectives viewed by the Participants

Learning objectives are statements which describe the expected outcome of a curriculum, course, lesson or activity in terms of demonstrable skills or knowledge that will be acquired by the participants after completing the course. The figure shows that the number of participants accessed the learning objectives of the FDP programme which was listed under the FDP announcement. There is total 788 views by 410 users. It is important that the participants should view the learning objectives to know the outcomes of the course.

Course materials viewed by the participants

Course materials are most essential component for online courses. Participants learn from this content to enrich themselves. The content should be interesting as the teacher is away from them. Since the course access through devices, the content should be enriching with multimedia component to retain the attention of the participants. This course has seventeen topics and has videos, pdf of transcript and ppt files for content. The participants have accessed the content to learn the course.
